OPEN HOUSE is this Thursday, May 15th - Festivities start at 5:00pm & classrooms open at 6:00pm

Ready to come and see what your child has been doing this year? Well Open House this Thursday, May 15th is the perfect opportunity! MWES' wonderful teaching staff will be opening up their classrooms and letting our children show us all their hard work. You will be amazed by all that they have accomplished. We are very proud of our children for their efforts and the academic growth and can't wait to show you.

The festivities will begin at 5:00pm when MWES Flute Class & Chorus will be performing in the MPR. Classrooms will open at 6:00pm. This year there will be two food trucks: the Dogtown food truck & the Canvas food truck. The 6th graders will be selling coffee & dessert across from the library. It is the last day of the Scholastic Book Fair so be sure to come early to do some shopping.

---

Come to the Scholastic Book Fair! Venga a nuestra feria de libros Scholastic!

Visit the Book Fair and see the exciting books that are available. Parents and guardians, even though Teacher Appreciation Week was last week, you can always say thank you anytime to your teacher, assistant teacher or staff by buying books for their classroom library. Teachers will also have a wish list of books situated in front of the cash register area.

All students will have a chance to win a poster by guessing the right amount of items in the Estimating Jar. And the student with the correct answer wins a special prize for their teacher. Also, students, if you receive a "You've Been Caught Reading" voucher, take it to the Book Fair in exchange for a special surprise.

The Book Fair will be open on Tuesday, May 13, and Wednesday, May 14, from 8:30 am to 3:00 pm; and Thursday, May 15, from 8:30 am to 1:30 pm., and during Open House, May 15, from 5:00 to 7:30 pm.

Reminder: Online orders will not be shipped until after the end of the Online Fair, May 27, 2014. All orders are shipped together to the school and shipment arrival time may be from 5 to 7 business days.

See you at the Book Fair!

Honoring a Tree Planting Legend - Scott Wilson

Recreation and Parks and Zenay Loera from Councilmember Jose Huizar's staff joined North East Trees members and family of the late Scott Wilson Monday to plant a new tree in his honor at Yosemite Recreation Center. Scott Wilson founded North East Trees and helped plant more than 70,000 native oaks and sycamore trees throughout Los Angeles (including the 700 oaks he planted at Occidental

College, the founding project in 1989). The new memorial tree replaces an older one that died and had to be removed. Mr. Wilson passed away unexpectedly in 2011 after falling while clipping flowers from a tree in his Eagle Rock home. He was 89.

### Councilmember Huizar Launches Clean Communities Initiative

Councilmember Huizar has allocated discretionary funds to combine with existing city funds to launch a \$1.5 million long-term Clean Communities Initiative districtwide. The Council District 14 initiative layers existing city services with additional contracted services from local non-profits like Clean and Green and the Fuego Tech Rangers to provide community maintenance services and address quality of life issues in CD14.

The goal of the Clean Communities Initiative is to create a consistent and ongoing collaborative approach to make our neighborhoods safe and inviting. This includes:

- Graffiti removal
- Commercial corridor maintenance
- Monthly bulky item drop-off dumpsters
- Weekly roving trucks for enhanced bulky item pickup
- Additional trashcans on sidewalks
- Monthly community cleanups
- New tree planting and maintenance
- Surveillance cameras for illegal dumping
- Tree trimming
- Targeted Sidewalk Repair Program

Councilmember Huizar kicked off the CD14 Clean Communities Initiative in April with the first location of the sidewalk repair program - the Highland Park Senior Center. This came just two weeks after the City Council approved \$250,000 of CD14 discretionary funds for sidewalk repair. As part of the Clean Communities Initiative, Councilmember Huizar also designated another \$250,000 for the additional non-sidewalk related services highlighted above.

"CD14 communities are safer than they have been in decades and we have successfully implemented 'complete streets' projects throughout the district, piloting the city's first parklets and bike corrals, building new parks, adding bike lanes and flashing-light crosswalks and revitalizing Broadway and Downtown Los Angeles," said Councilmember José Huizar. "That work continues, but I also want to re-focus time and energy on improving quality-of-life services cut back due to City budget cuts— the Clean Communities Initiative will allow us to do that."

While the City of Los Angeles considers potential bond measures and a half-cent sales tax to fix sidewalks, the sidewalk repair plan will allow Council District 14 to address some of the worst sidewalks in the district immediately and increase quality of life services for constituents.

Councilmember Huizar was joined Tuesday morning by City Departments working on the sidewalk repair program, seniors from the Highland Park Senior Center, local environmentalists and graffiti removal and street cleaning services providers to announce details of the sidewalk repair program and his Clean Communities Initiative.

Check out CBS Local's coverage of the launch [here](#).

Between 3 and 4 million adoptable animals are euthanized in animal shelters each year simply because they do not have homes.

These high numbers are the result of unplanned litters that could have been prevented by spaying or neutering.

Spaying and neutering dramatically reduces the number of stray animals on the streets.
